FIRST AND ONLY PATENTED DIRECT REPLACEMENT LED TUBES

NO REWIRING • NO MODIFICATIONS
RUNS WITH EXISTING BALLAST • UP TO 50,000 HOUR LIFESPAN
PATENTED AWARD WINNING BREAKTHROUGH DESIGN

EASY SWAP

T E C H N O L O G Y

➤ EASY SWAP TECHNOLOGY

Direct replacement means no rewiring, no modifications, no fuss

Switching to Think LED tubes is as simple as taking out your existing T8 tubes and putting in high efficiency LED tubes from Think. They will run with your existing electronic ballasts and require no extra modifications.

➤ 5 YEAR WARRANTY

Change them once and forget them

With a lifespan of 50,000 hours and a 5 year warranty, you can rest assured knowing your Think LED tubes will last you a lifetime.

➤ TECHNICAL SPECS

Model no	Power Consumption (W)	Input Voltage (V)	Luminous Flux (lm)	Color Temperature (K)	Color Rendering (Ra)	Type	Size	Base
LED-THK-TUBE-110-4K4E-22W	22	120 - 347	2200	4100	80+	T8	4'	G13 / Fixed
LED-THK-TUBE-110-5K4E-22W	22	120 - 347	2200	5000	80+	T8	4'	G13 / Fixed

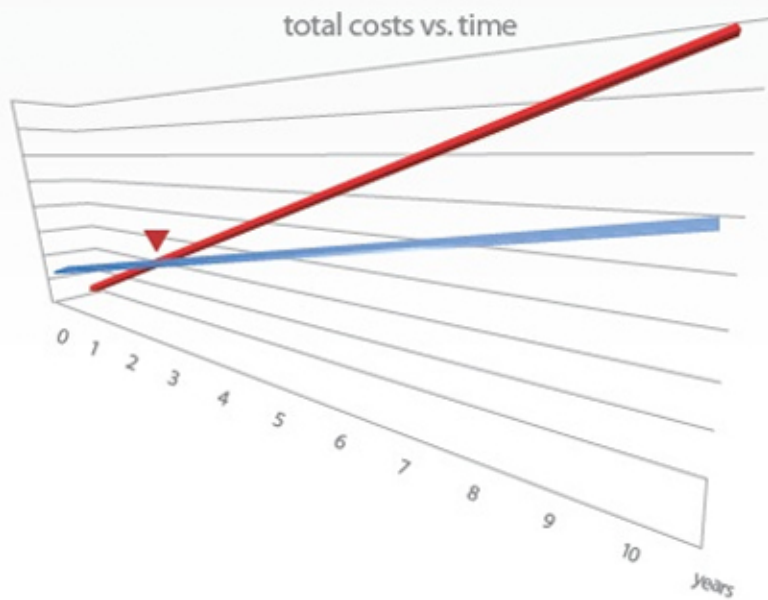

➤ PRODUCT CHARACTERISTICS

- First and only Direct Replacement LED tube - works with existing T8 lamp fixtures and ballasts
- Energy savings of up to 48% compared to regular T8 fluorescent lighting
- No mercury, no UV or infrared light
- 120V to 347V compatible
- Maintains brightness over its 50,000 hour lifespan
- Minimum heat emission
- No flickering
- DLC certified
